## DOOR/WINDOW SURROUND SEALS

### Aluminium Door Surround Seal

Heavy duty, screw fixed door surround seal, suitable for inward opening doors.

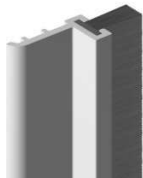

Provides excellent performance under severe weather conditions, the rubber strips bridge the gap between the door and the frame. Wind pressure increases the efficiency of the system by forcing the blade tighter onto the door face. The slotted fixing holes allow for easy adjustment when fitting. The seal is quick & easy to fit, can also be used as a 'cold smoke seal'.

Suitable for domestic and commercial use. Supplied in 5m door kits in aluminium or gold finish.

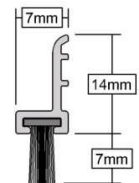

### PVC Door/Window Surround Seal

Lightweight PVC, pin fixed door/window surround seal, suitable for inward opening doors, outward opening windows and sliding sash windows, can also be used as a 'cold smoke seal'.

PVC holder contains a polypropylene brush pile.

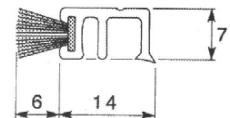

White holder has White pile – Brown holder has Brown pile

Suitable for domestic and commercial use. Supplied in 5m kits

### PVC Box Brushpile Door/Window Seal

A rigid PVC rectangular carrier with a brushpile seal. Carrier incorporates a flexible integral secondary seal. For use on sliding sash, casement and pivot windows, internal doors, loft hatch openings, etc, ideal for curved arches, can also be used as a 'cold smoke seal'.

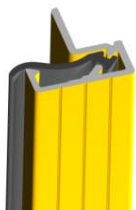

Polypropylene pile with central membrane fitted to an extruded upvc carrier with integral nitrile fin. Carrier has pre-punched 150mm centre fixing holes.

Supplied in 2030mm lengths in White only with White pile.

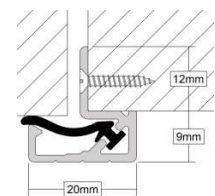

### Double Door Seal

Weatherseal for meeting rails of double doors or windows. Suitable for internal or external applications on inward or outward opening doors or windows, stepped or butt edges.

Neat, attractive and effective. Easy to install with hidden fixing screws.

Durable, flexible EPDM seal copes well with variable gaps.

Suitable for domestic and commercial use. Stops, rain, draughts, noise, smoke, dust, dirt, snow and leaves.

Aluminium construction, available in natural or gold finish, white or brown powder coated in 2100mm lengths
